4th Apr - 8th Apr 2018

By the free flowing Beas, under the gaze of high Himalaya, we get together for this one of its kind retreat with the indomitable Rujuta Diwekar, country's top fitness expert. We have structured workout sessions customized to your fitness levels, lessons on how to make exercise schedules and plan your pre and post exercise nutrition. All this while staying at the beautiful Span resort by the river. You come back with a fitter body, a relaxed mind and most importantly, a customized exercise plan.

Learning sessions and activities

The crux of the trip will be the daily activity sessions (core strength, running, Yoga, etc) with Rujuta. The focus will be on imparting the right information on the correct technique, sequence and variation in your workouts that you can bring back and implement in your day-to-day life.

Apart from the workout sessions there will be daily learning sessions wherein Rujuta will demystify the science of Exercise, the guiding principles behind it, break the myths surrounding it, and tackle the much-misunderstood topic of pre and post-workout nutrition. The sessions are based on her 3rd book 'Don't lose out, work out' and have their base in practical and doable advice.
