

A CWH GROUP TREK TO THE  
SHEPHERD LAKE –SARUTAL IN  
GARHWAL. 8-15 MAY 2021

## TREK TO THE SHEPHERD LAKE

Above the Yamuna river, surrounded by an amphitheatre of snow covered peaks, amidst untouched and wide meadows, lies a lake called Sarutal. Discovered by the intrepid shepherds of this region, it's water is considered holy and its darshan divine. The trek takes us through some of the least known regions of Indian Himalaya, through quaint villages, deep forests, meadows and to a pass on top of the ridge before reaching Sarutal. With only shepherds and their sheep for company and no connection to the outside world – this is the quintessential Himalayan trekking experience.

### TRIP HIGHLIGHTS

- Camping in untouched meadows
- Walking on the ridge is breathtaking
- Challenging but doable trek
- A new region of Garhwal

## A BRIEF OVERVIEW

### The land of Gods

Garhwal is Devbhoomi, the land of Gods, and nowhere it is more prominent than when in close proximity to the Himalayan peaks and meadows. As the pilgrims make a journey towards Yamunotri from Hanuman Chatti, we go on our own journey, uncommon but life changing.

### The trek

Starting from Hanuman Chatti, the base of Yamunotri, we get off the main road and enter a completely untouched region. The 5 days of trekking are challenging, including a pass at 4400M, but the rewards are disproportionately higher. That makes it a must trek.

## WHAT TO GET ALONG?

Himalayan summer means long pleasant days and cool nights. It will be cold as we camp high on the meadows but we will be snug in our sleeping bags. Temp ranges from 5 to 25 degrees on the trek. Never count out the occasional Himalayan shower though and also presence of snow on the trail. We will be prepared accordingly: Woolen sweater, cap, socks and gloves, a light rain jacket and good walking shoes are the essentials. Layering is the key. Detailed checklist on signing up.

## MAKING A CONTRIBUTION

There is always a way of giving back to the place and people where we go for our holidays. We are organizing this trek with a group of guides and porters of this area. This is their only source of employment apart from the once a year crop cycle. You can also support local handicraft weavers by buying your woolens from them directly.
